_____	\$ _____
_____	\$ _____

_____	\$ _____
_____	\$ _____
_____	\$ _____
_____	\$ _____

The Commissioner of Agriculture reserves the right to reject any bid, including those that may be the highest bid on a particular horse.

Successful bidders will be notified individually to arrange for transfer of the animals.

The Department has been working with the various breed registries to ensure the correct information is forwarded to new owners.

Some of the horses are not currently registered and may require DNA confirmation of parentage to facilitate registration.

It is the purchaser's responsibility to apply for membership, request a Transfer of Ownership or request new Certificates of Registration.

If a purchased animal was not previously implanted with a microchip, it has been implanted with a LifeChip® with Bio-Thermo™ technology which is capable of measuring body temperature.

Questionnaires may be emailed to [Steve.Jensen@ct.gov](mailto:Steve.Jensen@ct.gov)

or mailed to:
